

# 14<sup>th</sup> Yukata De Guide Tour

# 納涼

Enjoy a visit to the Japanese Sword Museum, a tea ceremony, an evening cruise and the Bon dance together with local people in Ryogoku.

Ryogoku, an old riverside town, still recalls the quaint flavor of the Edo period, about 300 years back. We'd like you to get in touch with its traditional culture in Yukata, a Japanese casual summer garment with geta clogs on this annual cool tour.

First, you'll visit the Japanese Sword Museum, next, move to the local summer festival site at the Former Yasuda Japanese Garden to experience an open-air tea ceremony. After that, you'll be transferred by bus to Azumabashi water bus station to get on the 1-hour evening river cruise with a box lunch included. From the upper deck you'll be able to enjoy a nice view of the Rainbow Bridge, TOKYO SKYTREE® and so on.

Transferred back to Ryogoku, you'll join the Bon dance and street fairs, where you can exchange words directly with local people.

## Yukata and Geta

### You can wear Yukata, a kind of summer Kimono.

The Yukata is a casual form of Kimono made of cotton and worn by people of all ages in summer. You don't know how to wear it! No problem. We'll dress you up with a pair of Geta clogs.
